

UM TUITION FEES FOR THE 2021/2022 ACADEMIC YEAR – PART-TIME STUDIES

Faculties planning the above-standard implementation of studies in the 2021/22 academic year (e.g. implementation in the English language) include a financial contribution for the above-standard implementation in the tuition fee rate. Criteria for the above-standard implementation of the study programme are set by the faculty. The student council of the faculty has to give its consent to the criteria for the above-standard implementation which are then adopted jointly with the price list by the Management Board of the University of Maribor.

When setting the amount of the tuition fee for the above-standard implementation of part-time studies, the faculty must take into account actual costs incurred by the above-standard implementation of the study programme. Students must also have the possibility of performing study obligations within the standard implementation.
