

UM TUITION FEES FOR THE 2024/2025 ACADEMIC YEAR – PART-TIME STUDIES

Faculties which in the 2024/2025 academic year plan the implementation of studies that exceeds the scope of the accredited study programme (e.g. implementation in the English language) will also include in the tuition fee the actual costs that also from the implementation of the additional scope of the study programme. Criteria for the above-standard implementation are defined and approved by the individual Faculty. The student consent of the Faculty has to give its consent to the criteria for the above-standard implementation which are then adopted jointly with the price set by the Management Board of the University of Maribor.

When setting the amount of the tuition fee for part-time studies, the Faculty must take into account the actual costs covered by the implementation of a study programme that exceeds the scope of the accredited study programme. Students must also have the possibility to fulfill their study obligations within the standard implementation.
