

UM TUITION FEES FOR THE 2026/2027 ACADEMIC YEAR – PART-TIME STUDIES

Faculties which in the 2026/27 academic year plan the implementation of studies that exceeds the scope of the accredited study programme (e.g. implementation in the English language) will also include in the tuition fee the actual costs that arise from the implementation of the additional scope of the study programme. Criteria for the above-standard implementation are defined and proposed by the individual faculty. The student council of the faculty has to give its consent to the criteria for the above-standard implementation which are then adopted jointly with the price list by the Management Board of the University of Maribor.

When setting the amount of the tuition fee for part-time studies, the faculty must take into account the actual costs caused by the implementation of a study programme that exceeds the scope of the accredited study programme. Students must also have the possibility to fulfill their study obligations within the standard implementation.
